

I have received unsolicited fax about the stock of "Premier Development & Investment, Inc." (OTCBB:PDVN). The fax was sending to us around 22:00 on Feb. 27, 2004 while I already went to bed. It waked me up. The call back number on this unsolicited fax is: (800) 658-8133.

I request the company to be fined up the highest amount allowed by Federal regulations regarding unsolicited fax transmissions and myself to be compensated.
